A **NIKAT** PRODUCT

INTRODUCTION

NIKAT

“Har dukaan, har service – **ek jagah**”

Developed by: **Nilesh Barela**

NIKAT ek hyperlocal digital platform hai jo users ko unke aas-paas ke **shops** aur **service providers** se connect karta hai.

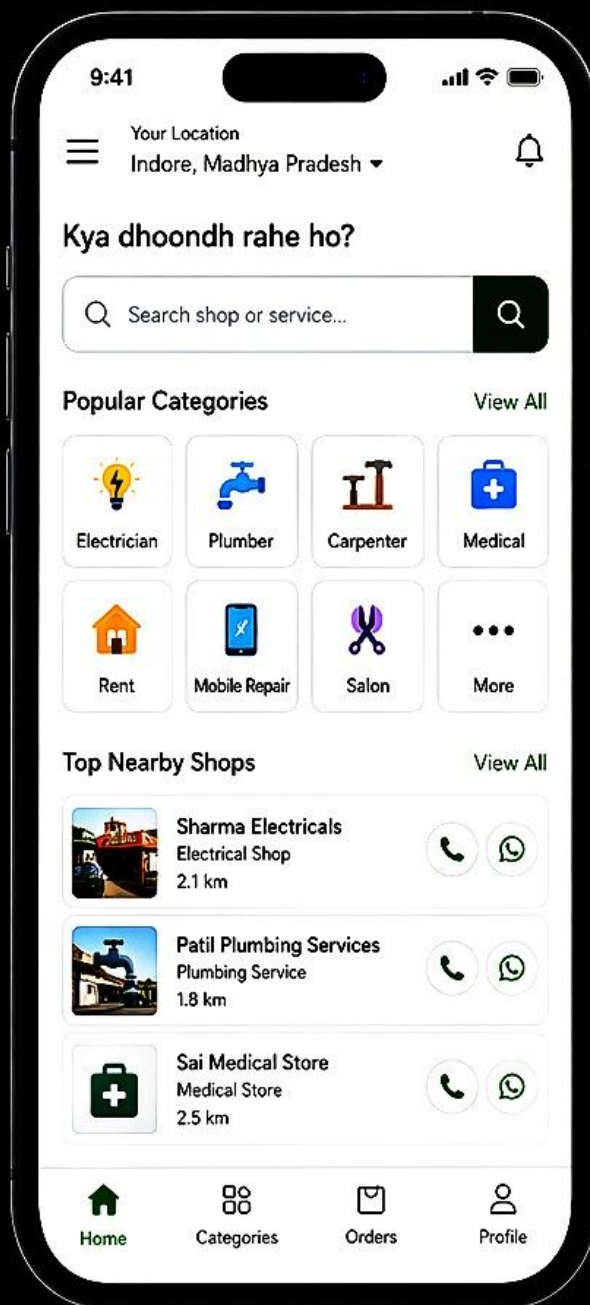

GOAL

Har insaan ko local services easily mil jaye

Even illiterate users bhi use kar saken

100%
Local

For Everyone
(Easy to Use)

Affordable &
Accessible

Trusted Local
Businesses

Save Time,
Every Time

PROBLEM

(REAL INDIA PROBLEM)

INDIA ME MAJOR PROBLEMS:

Local services dhundhna mushkil

Sahi shop ya service provider dhundhne me time aur mehnat lagti hai.

Illiterate users apps use nahi kar pate

Padh nahi sakne wale log traditional apps use nahi kar pate.

Language barrier

English na aane ki wajah se kai log apps samajh nahi pate.

Fake ya unknown service providers

Quality aur trust ka pata nahi hota, dhokha hone ka risk rehta hai.

Emergency me fast contact nahi milta

Jab jaldi service chahiye hoti hai, tab contact milne me dikkat hoti hai.

ESPECIALLY:

Gaon ke log

Jo digital duniya se door hain.

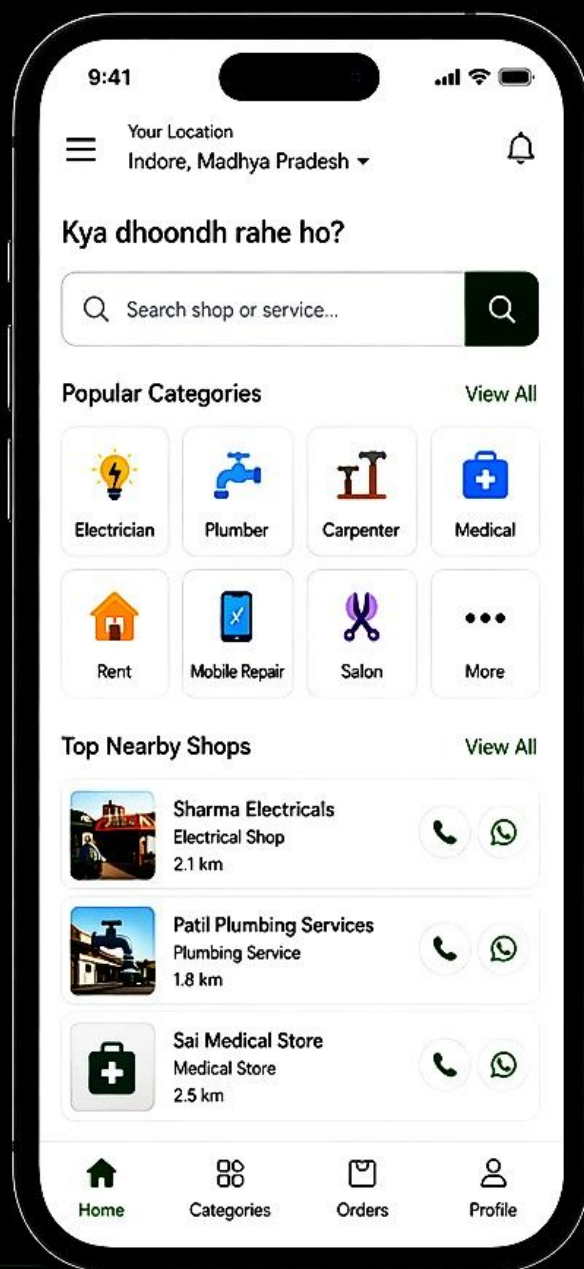

Buzurg log

Jo complex apps ko use nahi kar pate.

Non-English users

Jo Hindi ya regional language prefer karte hain.

India ko chahiye ek **simple, trusted aur accessible** platform jo **har insaan** ke liye kaam kare – har din, har jagah.

SOLUTION

NIKAT SOLVE KARTA HAI

EK HI APP ME SAB SERVICES

Shop, service, repair, rent, medical, sab kuch ek hi jagah.

DIRECT CALL SYSTEM

Ek tap me direct call ya WhatsApp. Fast aur easy contact.

VOICE + ICON-BASED UI

Icons, voice guidance aur simple design se har koi easily use kar sakta hai.

MULTI-LANGUAGE (ALL INDIA)

Hindi + Regional languages support. Har state, har user ke liye.

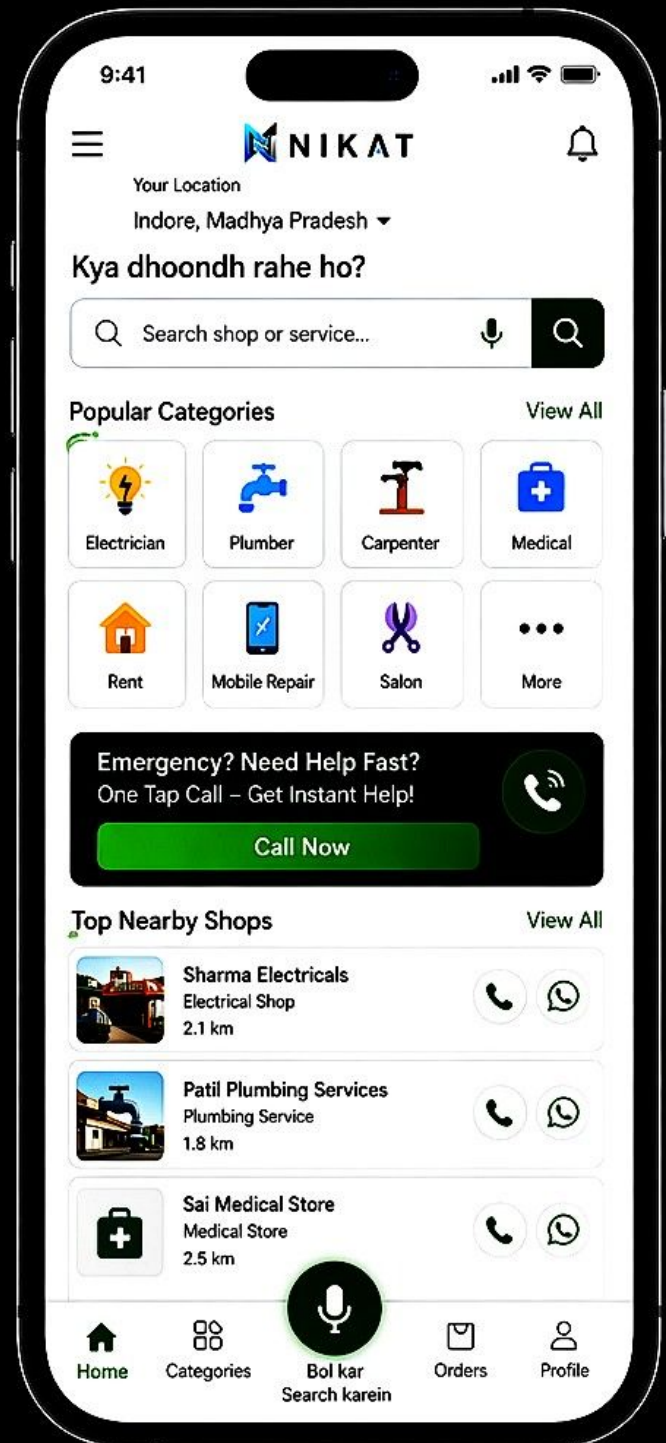

EASY ORDERING SYSTEM

Service select karo, details do, confirm karo – ho gaya!

EVEN JO PADHNA NAHI JAANTE WO BHI USE KAR SAKTE HAIN

FOR EVERYONE

Har age group ke liye.

EASY TO USE

Simple, fast aur user friendly.

TRUSTED & SAFE

Verified providers, safe services.

SAVES TIME

Kam time me best service mile.

AFFORDABLE

Local services, best price.

ALL INDIA LANGUAGE SYSTEM

— One App. Every Language. Every Indian. —

WHY THIS IS IMPORTANT?

India is a multilingual country.
To make the app usable
by everyone, NIKAT supports
multiple Indian languages.

SUPPORTED LANGUAGES:

- | | |
|--|---|
|  1. हिंदी |  7. ಕನ್ನಡ |
|  2. English |  8. മലയാളം |
|  3. मराठी |  9. বাংলা |
|  4. ગુજરાતી |  10. ଓଡ଼ିଆ |
|  5. தமிழ் |  11. ਪੰਜਾਬੀ |
|  6. తెలుగు |  12. অসমীয়া |

HOW IT WORKS:

SAFETY MECHANISM:

- ✓ If language data is corrupted
→ fallback to default (English/Hindi)
- ✓ No crash due to missing translation
- ✓ Smooth and safe experience for all users

Ensures
maximum
accessibility

NIKAT SPEAKS YOUR LANGUAGE, UNDERSTANDS YOUR NEEDS.

For Every
Indian

In Every
Language

Easy to
Use

Inclusive
for All

Reliable &
Trusted

ILLITERATE-FRIENDLY DESIGN

Simple. Visual. For Everyone.

WHY?

Millions of users cannot read text.

SOLUTION:

- ✓ Icon-based UI
- ✓ Big buttons
- ✓ Color coding
- ✓ Minimal text

EXAMPLE UI (EASY TO UNDERSTAND)

CRASH REPORTING

DETECT. FIX. DELIVER A BETTER APP.

Real-time crash detection for a stable & reliable app.

WHY CRASH REPORTING?

Detect Bugs Early

Find crashes and issues before more users are affected.

Improve App Stability

Fix errors faster and reduce app crashes.

Better User Experience

A stable app keeps users happy and loyal.

Save Time & Effort

Get full crash details to reproduce and fix quickly.

Data Driven Decisions

Use real crash data to prioritize what matters.

CRASH DATA YOU GET

- ✓ Crash Type & Message
- ✓ Stack Trace (Error Details)
- ✓ Screen Name
- ✓ User Actions (Breadcrumbs)
- ✓ Device & OS Information
- ✓ App Version & Build Number
- ✓ Frequency & Impact
- ✓ Date & Time

HOW IT WORKS?

- 1 Crash occurs in the app
- 2 Firebase Crashlytics catches the crash
- 3 Crash data is collected (smart & lightweight)
- 4 Data is sent securely to Firebase servers
- 5 Crash appears in the Firebase console
- 6 Developer fixes the issue & releases an update
